HOCH UNDER ARREST

Reputed Husband of Many Women
Is In Custody.

HAS TWENTY WIVES.

Man Being Held at New York and
Who Is Wanted in Chicago Is
Alleged to Have Wedded
That Number of Times.

New York, Jan. 31.—Johann Hoch, who, it is alleged, married twenty women, was arrested at a boarding house conducted by Mrs. Catherine Kimmerle in West Forty-seventh street Monday night by central office detectives. He admitted his identity, though when first arrested gave the name of Harry Bartels. At the Forty-seventh street station, where he was taken, he said: "I'm Hoch, and a much-abused man."

"How abused?" he was asked. He had nothing to say. He gave his name as John Joseph Adolph Hoch, and said he was forty-five years old, a machinist, living at 6439 Union avenue, Chicago. He was arrested on a charge of bigamy. Hoch is known under the names of Alfred Hecht, Albert Busenberg, Joseph Hoch and Adolph Brumm. Hoch said after Marie Fischer died Jan. 12, he came to New York at once, and has been here ever since. Hoch went to Mrs. Kimmerle's Wednesday last. He was locked up in police headquarters. He stated that he had not been married twenty times. He said that he had been married only twice, and that his first wife is still alive.

Mrs. Catherine Kimmerle, the landlady, said Hoch engaged board on Saturday, and had not been in the house twenty minutes when he asked to be allowed to peel potatoes for her. He proposed marriage, and she then told the police. She added that the man talked a good deal to her and became much interested in her, she thought. "He was so anxious to talk that I did not know what he was after," said Mrs. Kimmerle, "till all of a sudden he told me he wanted to marry me. I remembered reading in the papers about that awful man, and it suddenly flashed across my mind that this man who wanted to peel potatoes after being twenty minutes in my house and wanted to marry me after knowing me a day or so was the same man they wanted in Chicago, and I ran to the station house as quickly as I could."

SUMMARY OF DECISION.

Charges Combination Not to Bid in
Livestock Markets.

Washington, Jan. 31.—Substance of decision rendered by Justice Holmes against packers and concurred in by supreme court is as follows: "It charges a combination of a dominant proportion of the dealers in fresh meat throughout the United States not to bid against each other in the livestock markets of the different states; to bid up prices for a few days in order to induce the cattlemen to send their stock to the stockyards; to fix prices at which they will sell and tends to restrict shipments of meats when necessary; to establish a uniform rule of credit to dealers and to keep a blacklist, to make uniform and improper charges for cartage, and finally to get less than lawful rates from the railroads to the exclusion of competitors."

Decline to Discuss It.

Chicago, Jan. 31.—Officials of Swift & Co. decline to discuss the United States supreme court decision. J. Ogden Armour, president of Armour & Co., was equally reticent. The supreme court upholds the decision of the lower court in the case against the beef trust, charging conspiracy among the packers to fix prices on fresh meats.

AS TO STATEHOOD.

Oklahoma and Indian Territory Will
Probably Be Admitted.

Washington, Jan. 31.—It is by no means certain how many states will be admitted to the Union under the agreement reached Monday to vote on the joint statehood bill and its numerous amendments on Feb. 7. There are prospects, however, that Oklahoma and Indian Territory will come in as one state, and that New Mexico will come in as another, leaving Arizona as a territory.

Senator Beveridge, chairman of the committee on territories, who has charge of the bill, concludes that in its present form there is no hope for its passage. He says that his desire now is to give statehood to the 1,500,000 people of Oklahoma and Indian Territory at this time and late Arizona and New Mexico will be admitted as one state.

To Extend Powers.

Washington, Jan. 31.—The house committee on interstate and foreign commerce, by a party vote, authorized a favorable report to the house on a bill extending authority to the interstate commerce commission to fix rates increasing the size of the commission from five to seven members and creating a "court of transportation." The bill is a combination of the Esch-Townsend measures with amendments taken from the Hepburn bill and contains twenty-two sections.

TAFT HEARD.

Superintendent of Wells-Fargo Express
Company Before Committee.

Austin, Jan. 31.—Before the house committee on revenue and taxation Superintendent Taft of the Wells, Fargo & Co. Express company, appeared in opposition to the Williams intangible tax bill. He spoke for all the express companies. Mr. Taft said that as the express companies had very little property subject to ad valorem assessment they were now required by law to pay into the state treasury 1 1/2 per cent of their annual gross earnings and submitted figures showing that this gross earnings tax amounted to 177-10 per cent of the net earnings of the Wells, Fargo & Co. in Texas, including the Texas pro rata of interstate business. He understood the Williams bill it would compel his company to pay in taxes to the state 35 per cent of its net earnings.

Superintendent Edgell of the Pacific Express company was also heard.

Judge E. B. Perkins of the Cotton Belt railway also opposed the measure.

The following bills were passed finally by the house: House bill, by Mr. Cobbs, relating to separate property of married women; house bill, by Mr. Love, relating to the fraudulent transfer of mortgaged property.

BULLETS GLANCED.

Two Negro Women Indulged In a
Shooting Affray.

Longview, Tex., Jan. 31.—Two negro women here became involved in a difficulty which resulted in one of the women being shot by the other. A seven-ball pistol was used at close range, and though the gun was emptied, only two glancing shots took effect in the head and side. The woman doing the shooting was arrested by Sheriff Thrasher and placed in jail.

Bitten by Mad Horse.

Key, Tex., Jan. 31.—Finis Foust was bitten on the index finger of the left hand by a horse having hydrophobia. Mr. Foust went to the Pasteur institute, St. Louis, taking with him portions of the brain of the horse, that an exact diagnosis may be made.

Expensive Herring.

Marlin, Tex., Jan. 31.—Will Johnson, a colored youth, took a dried salt herring from a dealer without permission and was arrested, fined \$27.55 and given ten days on the public roads.

Life Sentence For Hicks.

Cleburne, Tex., Jan. 31.—Ed Hicks, charged with killing his wife, got a life sentence.

GREAT COMPANY.

Pool Has Been Organized With Two
Million Bales of Cotton.

New Orleans, Jan. 31.—A company with W. P. Brown as its head, known as the "Cotton Planters' Commission and Holding company," has been organized here. It will have banking agencies in the various cotton states and will pool 2,000,000 bales.

Immense Rice Cargo.

New Orleans, Jan. 31.—The tug Sam Clarke reached port Monday, towing the barge San Antonio, with the biggest cargo of rice that has ever come into New Orleans this year. The report is current here that this cargo of rice has been bought for Manchester for the Russians or Japanese is not known.

VARDAMAN TO TERRELL.

Congratulated on Refusing to Send Negro
Troops to Inaugural.

New Orleans, Jan. 31.—The Picayune's Jackson, Miss., special says Gov. Vardaman sent a telegram to Governor Terrell of Georgia which says: "Permit me to congratulate the white people of Georgia upon the character of their chief executive, and to commend you, my dear sir, most heartily for your conduct in refusing to allow the state of Georgia to be dishonored by being represented at the inauguration of the president by negro military."

Presented by President.

Annapolis, Md., Jan. 31.—Before their friends and relatives who came from all parts of the country to witness their graduating, the 114 members of the first class at the naval academy Monday completed their four years' course and received their diplomas at the hands of President Roosevelt, who also delivered an address.

BASKET BALL.

A stranger seeing this heading would naturally infer that we were the proud possessors of a basket ball team. Even if he didn't see such an article in the paper, he would suppose so. He reasons that the A. and M. is an up-to-date college, holding its head high above most of our schools in football, and is with the leaders in base ball. He reasons, also, that we put out a very good track team each year; and although he has not yet heard anything about it, of course we have a fine basket ball team. That's about what the average man thinks about us. He would be surprised if we were to tell him that we did not have a basket ball team on the campus, and his good opinion of A. and M. in athletics would be materially shaken. Let's don't be classed as a back number. We have basket ball stars here among us. We are hiding our light from the world. Organize a team and show Texas that we are not only shining lights in base ball and football, but also in basket ball.—The Battalion.

COUNTRY PROPERTY.

600 acres, 16 miles north of Bryan, all fenced with 4 wires and cedar posts. Subdivide into convenient pastures; 1/2 prairie, 1/2 timber. Fine grass and water. Land suitable for any kind of farming, stock, etc. Terms 1/3 cash, balance 2 years. The Thomas Hensarling old Mober place, near Madisonville, Tex. 370 acres. One of the best improved places in Madison county. The A. Hensarling place of 95 acres, 6 miles from Bryan. One of the nicest country homes in Brazos county. 130 acres 1/2 mile west of Mangan's well, on Mumford road, unimproved. Some valuable farm lands in Brazos bottom and on up lands for sale or exchange. We sell, rent, and exchange property. Titles and claims carefully investigated anywhere.

INSURANCE.

We are prepared to insure any kind of insurable property—stores, stocks of merchandise, machinery, corporation property, warehouses, cotton, country property, gins, etc.

We can insure your life in the best companies on earth for a less premium than many companies charge for the same class of property. This is important, as statistics inform us that while Fire Insurance is a good thing, Life Insurance is more important as out of 1200 fire risks one burns, where every man who insures his life dies.

Are you a voter or merely a census unit?

W. J. Bryan, on a visit to Chicago, has clearly indicated that a third nomination for president would not be distasteful to him.

Austin dispatches report that Senator Culberson favors Hon. M. M. Brooks, of the court of criminal appeals, for the next governor of Texas. The two were old "college chums."

The constant friction between Russia and England is regarded with apprehension. Numerous aggravating conditions have arisen, the latest of which is the attack on British officials at Warsaw.

The United States supreme court has unanimously declared the packers guilty of conspiracy. It is said the decision establishes the right of the government to deal with the beef trust and prevent combinations.

A forced suspension of gambling was brought about in El Paso by the bondsmen of saloonmen who permitted gambling on their premises withdrawing from bonds. The war on gambling has spread to Arizona, where the legislature has a drastic measure before it, said to be in many respects like the bill now before the Texas legislature.

A two weeks' course in agriculture has recently been established at the State Agricultural College of Colorado. Through this course the college desires to present to the stockmen and farmers of the state the results of the latest research in the several branches of agriculture, and to teach, by lectures and practice, stock judging, feeding, breeding, and the culture of grain, sugar beets and potatoes. Lectures will be delivered by prominent educators, successful farmers and stockmen, and government experts.—Battalion.

POLL TAX RECEIPTS.

About One Thousand Short of Last Year in County—City also Short.

The poll lists of Brazos county for 1905 have closed and show a falling off in number of receipts issued of about one thousand from last year. Tax Collector Wiprecht gave the following approximate figures by precincts last night, not having had time to make an accurate count, and allowed for ten spoiled receipts in each precinct, which is doubtless a liberal estimate, and the total will probably be a little more than is indicated by the figures given below. It will be understood that receipts are spoiled from mistakes in writing and from inaccurate information, and are left in the book, another being issued to the applicant.

Millican 188, Wellborn 109, College 111, Bethel 100, Kurten 147, Cottonwood 68, Edge 90, Batte's Store 282, City Hall 342, Courthouse 279; total, 1716.

City Secretary Spell stated 506 receipts were issued from his office, against 750 for last year.

The figures do not include exemptions, and an estimate on the number of voters who are exempt could not be had last night.

EXPERT MACHINISTS.

The little vertical engine in the blacksmith shop is being experimented on by two grave Seniors, namely, Hauck and Wickes. The other afternoon after worrying and fretting and getting burnt with live steam trying to set the valves on this junk heap, they finally got the engine to running, a feat that has never been accomplished by any Senior class before. They, being overjoyed on account of their success, went over the shop calling everybody from their work to come and see how nicely the engine was running. They even went up stairs and brought down a class which was having a recitation. About the time all had assembled around the thing that looks like an engine, the thing suddenly reversed and began to run backwards. Then the crowd backed off a little. Thereupon the engine began to oscillate and steam began to spurt and the engine began to shudder and vibrate, but this last part none of the frightened crowd saw, for they had made their escape through the shop windows, and as it seemed afterwards, some must have run through the shop, for the drill press was knocked down. Where were Hauck and Wickes? Hauck was found outside lying on the ground panting for breath with the throttle valve still in his hand. Wickes was not found 'till next day when Dr. Lanham informed the searching crew that Wickes had come to the hospital the evening before.—The Battalion.

STOMACH TROUBLES COMMON NOW.

Winter Food and Living Strain Digestive Organs. Use Mi-o-na and Be Well.

The hearty food and overeating, so common in winter, strain the stomach and digestive organs so that by this time the average person is out of health. It may be a simple headache, possibly sleeplessness, or a general tired, weak, feeling, but the chances are that the stomach is weak and cannot properly take care of the food, and as a result there is heartburn, indigestion, lack of energy and a general lagged out state.

The stomach needs health and strength. The various aches and pains that you have are the stomach's cry for help and its warning that it has been overworked.

Give it strength by taking a Mi-o-na tablet before each meal, and it will soon do its work so promptly and naturally that you will not realize you have a stomach. There will be no acidity, no flatulency, no gripping about the heart, no unpleasant gasses, no furred tongue, no inflammation of the mucous membrane.

A 50c box of Mi-o-na will bring buoyancy of spirit in place of lassitude and despondency. It will help the overtaxed stomach to start fairly on the road to health. It will give the sleep so necessary to brain and nerve centers.

Ask E. J. Jenkins, one of the most reliable druggists in this section, to show you the strong guarantee under which he sells Mi-o-na. Use Mi-o-na and you can soon eat what you want and all you want, for it will strengthen the weakest condition of your stomach and re-establish good digestion.

PLIGHT OF THE POLES

That Portion of Russia Is Truly In a Bad Way.

PEOPLE DESPERATE.

Thousands of Workmen at Warsaw and Other Places Out of Employment Months Add Factor of Gravity.

St. Petersburg, Jan. 31.—Reports from Warsaw depict the situation throughout Poland as increasingly serious. Fights between troops and police and the populace continue to swell the number of deaths. Trade and industry are completely at a standstill, and the presence of thousands of idle workmen, who have been out of employment for months, and are starving and desperate, adds a factor of the greatest danger, which was not present to the same extent at St. Petersburg, where the government orders for war purposes kept factories busy.

American vice consul at Warsaw, Witold Fouchas, telegraphs that many stores, chiefly Russian, have been pillaged by mobs; that shops and factories without exception are closed. A general strike is in effect. Those who are not willing to walk out are compelled to join the strike by threats. Mr. Fouchas saw no improvement in the situation up to Monday and reported that he had received bad news from Lodz and Radom. It is estimated that the number of killed or wounded at Warsaw is about 100, which is a conservative estimate. Rioting in Poland will largely affect the economic situation. Factories at Warsaw, Lodz, Petrokoff and other industrial centers in Poland have been compelled to gradually reduce their output and decrease their working forces since the outbreak of the war, which has almost entirely closed the Siberian and Manchurian markets. The result has been that thousands of workmen have been thrown out of employment for many months, furnishing a horde of hungry, dissatisfied, desperate men, among whom the news from St. Petersburg produced an outburst riotous and incendiary in spirit. It is feared that a large proportion of these thousands may be utilized by revolutionary organizations in Poland, which is a hotbed of Socialism, and the movement may develop a purely political character, though there is no indication so far of any co-operation on the part of the intelligent classes of the Polish population, which is averse to a revolutionary movement.

The Nashazhizn, a Liberal newspaper at St. Petersburg, which received a second warning from Governor General Trepoff, in a moderate tone raises the legal point of connection with the firing of Jan. 22, that the law requires the police to exhaust all means to preserve order before calling in troops, and the Nashazhizn claims this had not been done before the military began firing.

TOO COLD TO FIGHT.

Severity of Manchurian Weather Precludes Active Operations.

St. Petersburg, Jan. 31.—Associated Press telegrams from Manchuria do not indicate developments of importance since General Grippenberg's order to abandon the advance. The Japanese Monday made a demonstration in the Eastern district, but apparently it was not serious. Operations on the Russian right probably will not occasion further heavy fighting at present unless the Japanese determine to follow up the counter-offensive movement, which is not likely in view of dispatches from Mukden saying the cold is more intense, thus rendering movements of large bodies on either side well nigh impossible. One result of the bitter cold has been to greatly increase mortality among the wounded men.

Military critics do not express approval of General Kuropatkin's offensive movement. The Novoe Vremya declares it is a failure, and the Russ says it is neither a reconnaissance in force nor a demonstration, hence it could only have been undertaken to capture a strategic point, and this object is not justified by events.

SEVERAL KILLED.

Encounters With Troops at Warsaw Were Decidedly Disastrous.

RECORD MADE.

Motor Car Travels One Hundred Miles in Remarkable Time.

Ormond, Fla., Jan. 31.—A world's record for motor cars has been made for 100 miles, H. W. Fletcher, driving an ninety horse power car, covered the distance Monday in 1 hour, 26 minutes and 38 seconds, an average of forty-eight and two-fifths seconds a mile, and beating all other contestants by about three minutes. Ten of the fastest cars started in this race, and the course was laid for the two-mile post north to the sixteen-mile post, then back with three turns at the two-mile post. There were four turns at the sixteen-mile post, and the finish was at the club house. The cars started at one minute intervals. The ninety-horse power car owned by O. F. Thomas of New York, and driven by H. W. Fletcher, was the dark horse in the race, starting last with nine minutes between it and the leader. At different stages in the race it overtook the field except two, and won the race by about four minutes. Paul Sartori was second, with M. G. Bernin, a good third, less than one minute behind.

ANXIOUS TO RETURN.

Hoch Says He Wants to Face at Once Charges Against Him.

New York, Jan. 31.—Johann Hoch of Chicago, who was arrested here Monday night charged with bigamy and wife abandonment after a search extending over the entire country, told the officers at police headquarters that he is anxious to return to Chicago at once. He wanted to face the charges against him in that city, he said, and has no intention of opposing extradition here. He was photographed for the rogues' gallery before being taken to court.

Favor Abolition.

Washington, Jan. 31.—House committee on interstate and foreign commerce has authorized a favorable report on the Mann bill abolishing the Panama canal commission and placing government of canal zone and the work of constructing the canal entirely in the hands of the president.

"Down by the Rio Grande"

The Annual Event

of Two Nations:
Yaqui-George Washington
The "Laredos."

Some years since the citizens of Laredo, Texas, and Nuevo Laredo, Mexico, conceived the idea of fittingly celebrating George Washington's Birthday (February 22) by suitable "Mexican-American" fiestas and parades and from a small source this has grown to a MAGNIFICENT ANNUAL EVENT unsurpassed in its splendid surroundings and interesting particulars by anything of a similar nature.

International in its character, located on the border line between the Great Republics occurring at a season of the year when business cares press lightly, and at a time when weather conditions in that locality are ideal, this event offers unsurpassed inducements to the pleasure seeker.

This year the festivities will consist of four days' continuous festivities, February 21st, 22nd, 23rd and 24th, and the program, which is very elaborate, will comprise many new and interesting features, among which may be mentioned FAMOUS SPANISH BULL FIGHTS, GRAND CATTLE ROPING CONTEST, FOOT BALL, BASE BALL, COCKING MAIN, torchlight parades, embodying typical Mexican and Indian features, several days' work on Rio Grande River, a spectacular reproduction of Gen. Washington crossing the Delaware. Military drills and display evolutions. Historical Pageants and Trades-Display, Flower Carnival, U. S. and Mexican Troops and Bands.

For this occasion low excursion rates will be in effect to Laredo, also for the benefit of those who desire to see more of Mexican life and customs, arrangements have been made for the sale of excursion tickets to MONTEREY, MEXICO, with ten (10) days' limit, permitting stop over at LAREDO in order to witness the International Celebration.

Be A Real Woman.

No. 805 Pense Avenue,
HOUSTON, TEXAS, May 14, 1908.

I was barren during the six years of married life, suffering with painful menstruation and a dozen other aches and pains. I was a poor excuse for a wife as I was not able to be up more than about half the time and daily grew weaker and weaker.

Wine of Cardui changed me into a different woman in five short months, made me robust and strong.

I am very grateful to you for my good health and am today blessed with a baby who is the pride of our home and this is all due to your medicine.

Mrs. Charles Mason
VICE-PRESIDENT, HOUSTON MOTHERS' CLUB.

Wine of Cardui brings health to sick women. Wine of Cardui brings children to barren homes.

How can any woman refuse the health Mrs. Mason has? Any woman can secure exactly the same relief if she will take Wine of Cardui. Wine of Cardui is a certain cure for menstrual irregularities. It will not do impossibilities but it does cure bearing-down pains, makes motherhood possible for barren wives and relieves the pains at the monthly period.

Secure a bottle of Wine of Cardui today.

All druggists sell \$1.00 bottles Wine of Cardui.

WOUNDED SUFFER.

Exposure to Frigid Weather Has Resulted in Much Gangrene.

Mukden, Jan. 31.—Constant streams of wounded are arriving here from the right flank, including Lieutenant General Mischenko, who is in excellent spirits and receiving visitors.

According to the official army organ, the wounded number 35,000. The cold is intense and the condition of the wounded causes the greatest anxiety because exposure of their wounds to frost induces gangrene. Preventive precautions have been taken, but the wounded are suffering great pain.

The Japanese are taking good care to see the Russian rank and file are not left uninformed regarding disturbances in Russia. They are carrying on a regular campaign to spread sedition and discouragement among the troops. Letters are daily thrown within the Russian lines declaring all Russia is aflame with riot and revolt, arguing soldiers are shedding blood in vain and calling on them to surrender or desert. Soldiers eagerly read and discuss these communications, especially accounts of events at St. Petersburg Jan. 22. The sinche hope is expressed on all sides that the Russian nation will forego internal differences and not play into the hands of the Japanese.

Monday morning the Japanese advanced on the Russian left, drove in the cavalry and bombarded the outlying hills. The Russians moved up reinforcements, repulsed the Japanese and drove them out of the village they occupied.

FEW RUSSIAN DEAD.

St. Petersburg Advances Say the Japanese Lost a Great Many.

St. Petersburg, Jan. 31.—A telegram from Schlatun dated Jan. 29 states that Russian losses from Jan. 25 to 28 were 10,000, but the percentage of the dead is small. The Japanese losses are very heavy. Over 300 were made prisoners.

Capture Another.

Tokio, Jan. 31.—The Japanese captured off Hokkaido island, northern Japan, the British steamer Winfield, loaded with contraband for Vladivostok.

FLYWHEEL BURST.

Causes Death of One Man and Serious Property Damage.

Shreveport, La., Jan. 31.—The monster flywheel in the plant of the Shreveport Gas, Electric Light and Power company, weighing twenty-five tons, burst. A portion of the bursting wheel struck James Scott, assistant engineer, killing him instantly. Scott's body was caught under the falling walls and was recovered through the efforts of the fire department, which was immediately summoned to the scene of the accident. Several other workmen at the plant had narrow escapes.

The flywheel crashed through the walls of the engine room, almost completely demolishing it and piling up heavy timbers, brick and mortar in an almost unextractable mass of debris. The manager roughly placed the damage to the plant at between \$10,000 and \$15,000.

JUDGE HOBSON DEAD.

Captain's Father Departs This Life at His Home in Alabama.

Birmingham, Jan. 31.—A special from Greensboro says Judge James M. Hobson, father of Captain Richmond P. Hobson, died at that place Tuesday morning of pneumonia, aged sixty-eight. Judge Hobson was probate judge of Hale county eighteen years. Soon after his son's Merrimac feat Judge Hobson, although a Democrat, was appointed by President McKinley postmaster of Greensboro, which office he held until his death. His wife died last year.

LIVING TORCH.

Frightful Fate of Mayme Rayburn, a Concert Singer.

Cincinnati, Jan. 31.—As playgoers in a local theater awaited the appearance of Mayme Rayburn, a concert singer, she rushed out of her dressing room a living torch and ran screaming through the theater. Several men threw coats over her and a bucket of water finally put the flames, but the singer, burned from head to foot and suffering horribly, was taken dying to a hospital. Only prompt action by men of the theater prevented a dangerous panic.

Louisiana Appointments.

Washington, Jan. 31.—The president has decided to appoint Thomas J. Woodward postmaster at New Orleans. Walter L. Cohen, a negro, will be re-appointed register of the land office at New Orleans.

First Rice Arrives.

New Orleans, Jan. 31.—The first of 400 cars of rice arrived from the rice district of Louisiana Tuesday en route to Cuba. Each car contained twenty-five tons, making a total shipment of 10,000 tons.

At Vera Cruz.

Vera Cruz, Jan. 31.—The French armored cruiser Dupuy has arrived at Vera Cruz.

Return to Washington.

Washington, Jan. 31.—President Roosevelt and party have returned from Annapolis and Philadelphia.

Forty Cars of Cotton.

Durant, I. T., Jan. 31.—The biggest cotton shipment out of Durant was made by A. L. Wolfe & Co. of Dallas, Tex. Forty cars, containing 2223 bales, left here for the port of Galveston.

Demise of Divine.

Saginaw, Mich., Jan. 31.—Rev. oJhn Octoby, D. D., a very prominent Presbyterian divine, is dead.

FAMINE PRICES.

Bakers on Strike at Warsaw Greatly Complicate Matters.

St. Petersburg, Jan. 31.—While there seems to have been a complete restoration of order in St. Petersburg and Moscow, conditions at Warsaw continue to go from bad to worse. Testimates of the killed and wounded in consequence of the collision of mobs and soldiers place the number at 160.

The bakers being on strike, bread is at famine prices in Warsaw, and attempts to break into stores there have caused numerous collisions with the military. Revolvers of uniform make were found on rioters arrested, afforded confirmation of the recent reports that the revolutionary agitators have been smuggling arms in anticipation of an outbreak. It is asserted that the official tale of the dead through the recent conflict between the strikers and troops at Riga is far short of the actuality, many having perished in an attempt to cross the river on the ice when the soldiers opened fire, the ice breaking and the waters engulfing the fugitives.

Work is being generally resumed. In Moscow the men's demands have been partially conceded, and all the railroad workshops have resumed operations. The strike has ended at Saratoff. At Iibau some of the strikers have returned to work, and there were no serious disturbances Monday. No further extensive strikes are reported at any fresh centers, nor are there disorders except at Warsaw.

TWO SWEDES TESTIFY.

Stated Their Boat Was Wrecked by a Strange Warship.

Paris, Jan. 31.—The international commission inquiring into the North sea incident at its session Monday heard two Swedish witnesses—Capt. Johnson and Mate Stromberg—of the boat Aldebaran. They both testified that a few hours preceding the firing on the British trawlers by the Russian squadron their boat was wrecked in the North sea by a strange warship, which fired many shots at the Aldebaran, but did not do her serious damage. Counsel for Russia protested that this testimony was not directly connected with the North sea incident, but Admiral Fournier, president of the commission, ruled that the testimony was admissible.

Hugh O'Beirne, British agent, said the strange vessel was the transport Kamchatka, which mistook the Swedish craft for a torpedo boat. Mr. O'Beirne further declared the Kamchatka afterward sent a wireless message to Vice Admiral Rojestevsky, notifying him that she had been attacked by a torpedo boat, and Rojestevsky thereupon ordered his squadron to be on the lookout for torpedo boats, which, Mr. O'Beirne asserted, were the cause of the North sea incident.

BOLD ADDRESS.

Representative Government Demanded by a Provincial Assembly.

London, Jan. 31.—The Daily Telegraph's St. Petersburg dispatch gives the text of a remarkably bold address which has been voted almost unanimously by the provincial assembly of Kharkoff to Emperor Nicholas in conchial to the throne and demanding re-gratulating him on the birth of an representative government. The signatures include marshals of nobility, noblemen and members of the zemstvo who were elected during the incumbency of the ministry of the interior by M. von Plehve, and who, therefore, are presumably well disposed towards the autocracy.

BOMB FOUND.

Had a Lighted Fuse and in Front of Russian's House.

Paris, Jan. 31.—The police early Monday discovered a supposed bomb with a tube attached containing a lighted fuse in front of the house of Prince Troubetsky, and attache of the Russian embassy here. The police extinguished the fuse and informed the authorities, who are investigating the affair.

Killed and Wounded.

Warsaw, Jan. 31.—The number of killed or wounded during the rioting here is estimated at 160. Out of door life in the city is at a complete standstill. All the restaurants, cafes and shops are closed.

Japan Presents Note.

Washington, Jan. 31.—The Japanese government has presented a note to this government regarding the communication recently addressed to the powers on the subject of the neutrality of China "repelling the accusations of Russia that call into question the good faith and loyalty of Japan to her engagements."

Took Charge of Utilities.

St. Petersburg, Jan. 31.—Private advices from Warsaw say the authorities have taken charge of the waterworks, electric light and gas plants and that serious trouble was anticipated Monday.

Writ Granted.

Washington, Jan. 31.—The supreme court of the United States has granted the petition for a writ of certiorari in the case of H. E. Harriman and others versus the Northern Securities company growing out of the former decision of the court relative to the distribution of the stock of the securities company. The effect of granting the writ is to bring the case to the supreme court for review. The argument is set for Feb. 20, after other cases on the calendar that day.

Voting Date Set.

Washington, Jan. 31.—The senate agreed to vote on the joint statehood bill before adjournment on Tuesday, Feb. 7.
